THETFORD

With over 300 service locations Australia Wide

THE CHOICE IS EASY

ABOUT THETFORD

We love leisure just as much as our customers and Industry partners.

You can see that in everything we do, in every product we make.

We combine imagination and expertise to create safe, reliable innovations. We go 'green' when it comes to our toilet care products, and solve any product issues with first-rate customer service.

Thetford aims to maintain its position at the forefront of the leisure equipment industry with trustworthy, sustainable, quality products and solutions that are easy to use.

Thetford products are available worldwide through local dealers.

Find your nearest dealer online at
www.thetford.com.au.

CASSETTE TOILETS

The perfect mobile toilet solution.

Comfortable, practical and durable toilets - that is what Thetford stands for. Thetford is the inventor of the world-renowned original portable toilet, the Porta Potti. Since then, we have become the world's leading manufacturer of mobile sanitary systems and toilet care products.

The built-in Cassette Toilet consists of two parts:

- ✔ A permanently installed toilet
- ✔ A removable waste-holding tank.

A clever indicator lets you know when the tank needs to be emptied and you can access and remove the waste-holding tank through a small door on the outside of the vehicle.

Choose from different models.

Advantages

- ✔ Optimal use of space
- ✔ Easy and convenient emptying
- ✔ Highest level of seating comfort on the market
- ✔ Lightweight, high-quality, durable plastic
- ✔ Quiet yet powerful flushing system with full bowl coverage
- ✔ Homelike bowl in size and comfort
- ✔ **Thetford offers a standard 3 year warranty on all products.**

How to use the Thetford Cassette Toilet

PREPARE YOUR CASSETTE TOILET FOR DAILY USE BY FOLLOWING THE BELOW SIMPLE STEPS:

- 1 Open the access door on the outside of your caravan or motor home and remove the waste-holding tank.
- 2 Add the correct dosage of Thetford Toilet Care Product and add 2-3L of water through the rotating empty spout.
- 3 Models that have their own flush-water tank will also need to be filled. Open the service door on the outside of the vehicle, add flush-water fluid (**AQUA RINSE PLUS**) and fill up the tank with water. Your toilet is now ready for use.
- 4 A level indicator lets you know when the waste-holding tank needs to be emptied.
- 5 A unique integrated rotating emptying spout and vent button ensures simple emptying into the nearest authorised waste dump.

Looking for a way to freshen up your current toilet?

The Thetford Toilet Fresh-Up Set is the solution! This set includes:

- ✔ A new waste-holding tank
- ✔ Seat & cover

Available for Thetford Cassette Toilets C2/C3/C4*, C200, C220, C400* & Ceramic and plastic Bowl C250/C260.

*For left and right models.

Keep your toilet running smoothly: Use Thetford toilet care products!

To reduce the risk of damage, premature wear and problems, and to enjoy maximum comfort we recommend using Thetford Toilet Care products.

Thetford products are available at all leading caravan and motor home dealers, as well as at specialist camping stores. For more information, please visit our website www.thetford.com.au.

REFRIGERATORS

Thetford refrigerators have been designed to meet the heavy demands of the Australian market.

Our refrigerators are extensively tested to high quality standards, and are AGA-approved. Plus, Thetford refrigerators come with a full three year warranty. Rest assured that a Thetford refrigerator will deliver high performance and reliability.

Advantages

- ✔ Superior Quality
- ✔ First class cooling performance
- ✔ Maximum use of space
- ✔ Australian Standards compliant, AGA approved
- ✔ Outstanding customer service
- ✔ Extensive service network
- ✔ **Thetford offers a standard 3 year warranty on all products.**

The Thetford Refrigerator range consists of two types of refrigerators:

- Compressor (12V) refrigerators
- Absorption (3 way) refrigerators

COMPRESSOR REFRIGERATORS

Compressor refrigerators are well-known because of their high performance. Thetford Compressor fridges are optimised for **12V** power only, which means no ULP gas bottles are required.

Our compressor fridges give you the following benefits:

- ✔ Cools down quickly
- ✔ Good performance at high ambient temperatures
- ✔ No vents in the vehicle's outside wall required, since the refrigerator has internal ventilation
- ✔ Night mode reduces noise and power consumption

The compressor refrigerators work on 12 Volt only.

To have long off grid functionality it is advised to look at power options with additional batteries and solar panels on your vehicle.

ABSORPTION REFRIGERATORS

Thetford absorption refrigerators are silent, since this system has no moving parts in the cooling unit. Making the absorption range of fridges ideal for smaller spaces like an RV. Absorption refrigerators use a 3-way power source, which means the fridge can operate on three different power sources:

- ✔ ULP gas
- ✔ 12 Volt (DC)
- ✔ 240 Volt (AC)

A 3-way absorption refrigerator is ideal when you are off-grid for an extended period of time.

Compressor (12V) Refrigerators

IMPRESSIVE PERFORMANCE ON 12V

Thetford's compressor fridges offer very powerful, but efficient cooling on only 12V. The unique venting system increases the cooling performance thanks to the separation of hot and cold air.

The ventilation is integrated which means that external vents are not required: meaning no dust gets into your van. From the new compact 105 Litre to the large 274 Litre option: Thetford offers you only the best.

The new and improved T2175 & T2152 are the latest addition to the Thetford compressor 12V range. These large 175 & 152 Litre compressor 12V fridges stand out because of their residential styling and size. With a Thetford developed compressor for better efficiency, bottom ventilation for improved refrigerator performance and the split thermostat makes it possible to adjust the fresh food and frozen food compartment temperature individually.

All Thetford compressor 12V fridges come with a Day and Night mode, making them a powerful, quiet and energy efficient option for every RV.

Absorption Refrigerators

PERFECT FOR AUSSIE CONDITIONS

Thetford absorption fridges have been developed to meet the heavy demands of the Australian market.

Designed specifically for Recreational Vehicles, these European and American built units have the style, reliability and cooling performance that RVers love.

Thetford absorption fridges come with automatic energy source selection, which automatically picks up the best available energy source.

Next to that, all our fridges are equipped with external fans to boost the cooling performance even more.

Advantages

- ✔ Work on Gas, 240V and 12V (3-way)
- ✔ Quiet as a whisper
- ✔ With automatic energy source selection
- ✔ Built in the Netherlands and USA
- ✔ Standard 3 year warranty

COOKING APPLIANCES

Homelike cooking on the road

Who says you can't enjoy culinary cooking in your camper, caravan or holiday home? With the well-designed cookers, hobs, ovens and sinks from Thetford, you can! Our cooking appliances are designed to be as homelike as possible. We use the highest quality materials and thoroughly test each appliance to ensure its ultimate safety - and your satisfaction.

Advantages

- ✔ High-quality materials and components
- ✔ Contemporary, home-like design
- ✔ Domestic size knobs
- ✔ With automatic shut off on glass lids
- ✔ Easy to clean
- ✔ Optimal use of space
- ✔ Excellent finishing
- ✔ AGA approved
- ✔ **Thetford offers a standard 3 year warranty on all products.**

COOKERS

Designed especially for RV's, Thetford Cookers combine all the best to cook and look beautiful. They come in all different shapes and sizes, to perfectly suit your requirements. Thetford Cookers are reliable, easy to use and offer you high-quality and a three-year warranty.

Laminated Lid

All Thetford Cookers come standard with a solid black glass lid, however this product has the ability to have a laminated panel fitted by the manufacturer to match your decor. This smart innovation makes it possible to easily create a smooth and clean look that perfectly blends in with the rest of your kitchen interior.

Just slide in the matching décor panel or go for the original black glass lid. The updated glass lid still has the automatic shut off on it and needless to say, is approved by the AGA.

Inquire with your caravan manufacturer or dealer regarding the options for your RV.

HOB'S

You can see and experience that each hob has a well-designed layout to achieve the best ease of use for cooking. There is plenty of space for the different sized pans, to reach the domestic-size knobs. The well-selected materials are thoroughly tested and optimised to fulfil the high standards that a Thetford product stands for.

Topline 902 and 922 hob

The new Topline 902 and 922 hobs are sleek, surface-mounting 2 burner hobs. Both come with a ceramic glass top for a clean and modern look. Available with either two gas burners or two induction hot plates, they make a perfect couple when combined next to each other. Induction offers fast cooking, saving time to do other things during your holidays. Gas cooking allows you to cook wherever you are, giving you maximum flexibility.
